Lalit Sharma

Frontend Developer(React)

Professional Summary

Professional Summary: Dynamic Frontend Developer with proficiency in JavaScript, React.js, and a keen understanding of responsive design techniques. Adept at integrating frontend components with RESTful APIs and optimizing web applications for performance. Demonstrates a strong capability in utilizing Generative AI and quickly mastering new tech stacks.

Experience

PrepLeaf by Masai, Bengaluru | Frontend Developer

- Collaborated on projects like 'Asos' and 'Bluefly' e-commerce apps using HTML5, CSS, JavaScript, and React to deliver high-quality user interfaces.
- Developed scalable and reusable code components in React.js, ensuring optimal performance and responsiveness across different devices and browsers.

Projects

Asos Ecommerce Clone   Live Demo Link   Github Repo Link

JavaScript React Git Node.js HTML5

CSS3 Responsive Web Design

- Developed a fully functional, visually appealing user interface using React.js and related technologies.
- Implemented responsive design to ensure optimal performance on various devices and browsers.
- Integrated frontend components with server-side APIs for enhanced functionality.

Bluefly Ecommerce App   Live Demo Link   Github Repo Link

JavaScript Git Node.js HTML5 CSS3

React

- Created a clone of the Bluefly Ecommerce App using React.js and related frontend technologies.
- Ensured cross-browser compatibility and responsive design for optimal user experience.
- Conducted thorough testing and debugging to ensure the reliability and stability of the application.
